

September 8, 2014

Scott Donkin, DC, DACBOH
Health Source of East Lincoln
5540 South St., #200
Lincoln, NE 68406

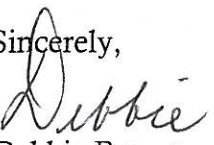

Dear Dr. Donkin:

Thank you so much for your participation in FCA National Convention 2014 and being a part of the largest Chiropractic CE show. The convention was truly a success with an extraordinary expo and all attendees leaving excited and motivated, ready to inspire patients of chiropractic nationwide.

Doctors and office teams left motivated, with the new topics, new speakers, and the latest products and technologies. We thank you greatly for your participation as a speaker and your continual outstanding support. We are proud to offer you to our attendees and our attendees appreciated you! We hope to have the opportunity to work with you again in the future. Some changes are planned for 2015 that will lead to better event promotion and earlier submissions to state boards for CE approval, all aimed at drawing more class attendees to your presentation. We also hope to create more panel presentations to allow for more interaction between speakers. We look forward to working with you in these efforts to continually improve the FCA convention experience for you and your audience.

The FCA received compliments from so many attendees saying, "This is the best program ever!" You are among your professions brightest and best, and we thank you again for working with us. Your willingness to support FCA National Convention has helped us spread inspiration and motivation to over 2300 practitioners, which will affect millions of patients this year. On behalf of the FCA Board of Directors and staff, we thank you!

Sincerely,

Debbie Brown
