DR. SCOTT W. DONKIN D.C.
P.O. BOX 6001,
LINCOLN, NEBRASKA 68506
U.S.A.

Dear Dr. Donkin,

Due to the generosity of Dr Joseph Sweere, I have received your book "Sitting on the Job", written by yourself and assisted with contributions from my dear friend Joe.

Firstly, may I congratulate you on the fine effort and overdue book dealing with the problems associated with daily tasks. "Sitting on the Job" is very well illustrated and covers topics which are easy to understand and comprehensive by all levels of the community.....and all types of industries.

Personally, I feel that it would be beneficial that copies should be sent to our Federal Headquarters for possible distribution throughout Australia.

As a suggestion, I would ask you to write to Dr. John Sweaney who is the Federal Executive Director of the Australian Chiropractor's Association, and he could suggest possible ways of distributing your book to interested Chiropractors. The address of our Federal Headquarters is enclosed.

I have enjoyed reading your book, and I congratulate you once again on the excellent production .A credit to you personally and our proud profession. Well done!

Yours sincerely,

Dr Alan Freedman.
