Scott W. Donkin, DC  
5540 South Street, Suite 200  
Lincoln, Nebraska  
68506

Dear Dr. Donkin:

On behalf of the Occupational Health Committee, I would like to express our appreciation for your excellent presentation on "The Sedentary Worker" - April 25, 1992 at the University of Waterloo.

Although I was unable to attend, any comments I have received regarding this seminar have been positive ones. The OCA office is currently in the process of sending evaluation forms to those who participated in your seminar. Once the evaluations have been returned we will compile a summary of their responses and forward you copy.

Again, thank you for what was apparently a very informative session.

Yours truly,

Bruce Owers, DC  
Chair, Occupational Health Committee
